

## Indian Education Survey

Title VI Indian Education of the Every Student Succeeds Act ensures programs that service Indian children are of the highest quality and provide for not only the basic elementary and secondary education needs, but also the unique educational and culturally related needs of these children.

The benefits of this program include:

1. meeting the unique educational and culturally related academic needs of Indian students, so that such students can meet the challenging State academic standards;
2. ensuring that Indian students gain knowledge and understanding of Native communities, languages, tribal histories, traditions, and cultures; and
3. ensuring that teachers, principals, other school leaders, and other staff who serve Indian students have the ability to provide culturally appropriate and effective instruction and supports to such students.

To qualify for services, the child, or parent of the child, or grandparent of the child must be enrolled in a recognized tribe.
